# CLIMATROL WATER COOLERS

SIDWAL WATER COOLER IS NOW CLIMATROL

Climatrol Corporation is an ISO 9001:2015 certified privately held Indian company with a specialization in Design, Development & Manufacturing of Refrigeration Equipment and Drinking Water Coolers since 2009. Our expertise is solicited by a diverse range of industries dealing in Perishable Foods, Medicines, Chemicals, etc. where consistent temperature control is required.

We typically undertake Cold Room & Frozen Room projects involving PUF Panels and Refrigeration unit coolers for medium and low temperature applications.

Our in-house manufacturing capability of PUF Panels & Refrigeration Systems along with our robust designs for high ambient conditions prevalent in India are considered one of the best in the country.
